*If you would like to have the above meeting information emailed to you,
please email jaustin@dubois-king.com (DuBois & King, Inc., Municipal Project Manager)*

The purpose of this public meeting is to present the Conceptual Plans for the project. This project includes replacing the existing salt and sand shed in the City of Vergennes, with its location being on the same lot as the current facility. Those who would like to learn more about the project are encouraged to attend.

This meeting will be presented by Otter Creek Engineering, a consultant engineering firm based out of Middlebury working for VTrans and the City to provide engineering design for the project.
