  - 7i. FY 24 Budget Discussion.
  - **7j. Presentation of staff process for managing requests for sewer tap on or reservations.** Peter Garon, our Zoning Administrator, spoke of the new process. There has been no written process of how to keep track of sewer tap-ons and how the forms should flow. The City Staff involved with the process (Peter, Angie, Penny, Jim, and Rick) got together and developed a system or flow of how the City can track this and make sure payments are made, inspections are done before pipes are covered, and we know how many households are being add both for billing and capacity. Also, to make sure Hook-ups meet standards and compensate the City for costs. The Sewer Ordinances are being reviewed and revised so that the language is clear in the processes.
- 8. City Manager's Report: Redmond reported that Alderwoman Brinkman following the 4/11/23 council meeting, sent edits to the draft guidelines for the Community Engagement Committee. He provided an update regarding concerns about the location of a building at the Cornerstone project at 1-3 West Main Street, potentially built in the city's right of way. Redmond said in the past week that city staff measured the distance from the center of Route 22A to the Cornerstone Property, which conflicted with what Cornerstone's architect was showing in the survey and drawings provided to and approved by the DRB - twice. He said he has contacted Tim Cowan, a surveyor with Civil Engineering Associates to research the matter and who has reviewed the history of that parcel back to the 1800s; Shane Morin, District Project Manager at Vtrans who oversees bridges in our region; and Ed Adrian of Monaghan Safar. The appeal period for the project has passed. He said he is bringing together Cornerstone's architect with Tim Cowan for clarification about how Cornerstone's survey was conducted. Mayor Bearor noted that he had asked Redmond to contact the city's Vtrans District 5 representative to determine if they have GIS information that can help clarify the matter. Alderwoman Murray-Killon asked: What happens if the city determines that Cornerstone is in the right of way, and that land anticipated for a new bridge is no longer available? Does Vtrans move the bridge? Does Cornerstone pay a fee or penalty? Is it the city's fault?

- **9. Mayor's Report:** Saturday is Green-Up Day. He thanked Sierra and Lowell Bertrand for taking on the task of getting everyone involved with cleaning up our City. He also announced that there is a Pool Clean-Up Day on Saturday as well.
- 10. City Council Reports: Alderwoman Brinkman announced that Keith Morrill has resigned from the Energy Committee citing issues with his work schedule conflicting. She also asked about having City emails as some of the organizations that we deal with like VLCT, you can't sign up for webinars unless you have one. Deputy Mayor Austin talked about how Champlain Construction helped with making sure the pitch of the sidewalk was smooth so people would not catch their toes and fall like someone did with the old sidewalk. Kudos to Champlain Construction!
- **11. Adjournment:** Deputy Mayor Austin moved to adjourn the meeting at 7:35 with a second from Alderwoman Kaslow. Vote: 7-0 Approved.

To: Ron Redmond, City Manager

From: David DiBiase, 1st Deputy Chief

Subject: Chief Position

Date: 4/7/2023

### Dear Ron,

Please accept this letter as my official notice of application for the position of Chief of Department. As a 20-year member of the City of Vergennes Fire Department I have had the opportunity to learn and grow as leader within the department. In my current position within the department, I have been a leader in many aspects of the department efforts here are just a few examples, truck committee for the new engine 1, leader of our technical rescue team, apply and obtaining grants, serving on many internal committees along with all other responsibilities of a line officer. In addition to these internal efforts to Vergennes Fire I have also been an Executive Board member for the Vermont State Fire Fighters Association for over 10 years. I currently also serve as a lead member of the Addison County Fire Fighters Association and represent The City on the ACFA Advisor board. Recently I have been appointed as The City's and Waltham's Emergency Management Coordinator representing their emergency services to Addison County Regional Planning Committee.

In my professional life I currently work for The State of Vermont Building and General Services as the Deputy Commissioner as part of The Governors extended cabinet. In this position I oversee operations for the department, human resources related decisions, and the direct supervisors of 6 different division Directors that oversee approximately 400 state employees with a \$40 million-dollar operating budget and an additional \$38 million in capital projects annually.

I have been acting in the capacity of Chief over the past 6 months or so during Chief Breur's illness and certainly a large supporting role over the last few years prior. I have shown I possess the skills and experience needed to continue moving this department into the future while still maintaining our dedication to tradition and duty. Thank you for your time and consideration.

Respectfully,

David DiBiase, 1st Deputy Chief, City of Vergennes Fire Department

## Impact of a Tax Increase

A 1 cent tax increase will impact a \$350,000 home by \$35.00.

The calculation is  $$350,000 / $100 \times 0.01 = $35.00$ .

That is the assessed value divided by \$100 because tax rates in Vermont are expressed per \$100 of assessed value multiplied by the 1 cent.

For a home assessed at \$350,000 . . .

## **Revenue generated**

The amount that 1 cent will generate for our general fund is calculated by taking our total projected grand list for FY 24, dividing by \$100 and multiplying that by \$0.01.
